*Donated from The Boro

**On Temporary loan from 'Boo Boo Bunny' until a suitable replacement is donated.

FEEL FREE TO DONATE YOUR USED or REPAIRABLE P.A. EQUIPMENT

The nominal fee to use the PA system is **\$50***. Half of this amount goes into the PA maintenance fund, the other half goes to the assigned PA Tech. The PA Tech will perform a before/after inventory checklist of the PA. One member of the booking band must submit a Valid ID and contact info. That person is responsible for any additional PA damages or fees. In the event of damage or absence of any PA equipment, the responsible party is held liable for equipment replacement costs based on fair-market value unless those costs do not exceed the PA fund contribution.

The PA Tech is responsible for PA setup, breakdown and inventory. They will be responsible for showing up at a reasonable time before your performance to set you up and will have until 6PM the next day to perform breakdown and the inventory checklist. **The PA tech is not your soundman.** You may meet with our PA Tech or work out separate monetary arrangements with the PA Tech to run your sound.

To use our PA, you MUST contact and make prior arrangements with one of the following PA Techs within 72 hours of your performance:
